

DRIVES REGIONAL TALKS WORKSHOP

Austria - Automotive Cluster 28/03/2022 - 14:30-15:45

The event is part of the EU project “Development and Research on Innovative Vocational Educational Skills” (DRIVES), the Blueprint for Sectoral Cooperation on Skills in the Automotive sector.

The purpose is to present the DRIVES project results to specific partnership regions and the legacy outcomes that will be rolled-out in a sustainable manner through the activities of the initiative under the Pact for Skills – the Automotive Skills Alliance.
